Ravi Kumar Kushwah

Java Microservices | Generative AI | AWS Solution Architect

91-8218182198 proficientrvkmr@gmail.com Agra, UP, India

SUMMARY

Innovative Technical Architect with 10 years of experience, specializing in cloud-native architectures and AI integration. Led the design of a scalable microservices platform that reduced infrastructure costs by 30%. Expert in Kubernetes, Spring Boot, Spring Cloud, Dockerized Microservices and serverless computing, with a track record of aligning technology solutions with business objectives.

EXPERIENCE

Technical Lead

Publicis Sapient 01/2020 - Present Noida, India

- Own the overall technical solution responsibilities for a finance domain based project.
- Design and build scalable and secure microservices architecture of application.
- Work closely with project stakeholders to understand requirements and constraints.
- Mentored and guide development teams on technical implementation and decision-making.
- Define the technical roadmap and ensure alignment with business goals.

Senior Technical Consultant

Iris Software Inc 02/2018 - 12/2019 Noida, India

- Build microservice ecosystem with spring cloud, and deploy them using Docker, EKS and helm.
- Lead a team of 4 developers and ensure the delivery of microservices-based solutions.
- Act as the bridge between development teams and management.
- Participate in high-level design discussions, provide technical guidance and coordinated with consultants, ensuring alignment with project goals and client vision.
- Build project with best practices, coding standards, software quality and achieving a 95% on-time delivery rate.

Software Engineer

iBoss Tech Solutions 08/2017 - 02/2018 Noida, India

- Plan and build Spring Boot + Angular-4 application from scratch as full-stack individual developer.
- Work together with the product manager to facilitate the smooth delivery of the product.

Software Engineer

Wittybrains Software Technologies Pvt 04/2015 - 07/2017 Noida, India

- Write, test, and maintain code in Java, SQL to build applications and features.
- Identify and resolve defects to ensure software is stable and functions correctly.
- Update and improve existing software, optimize performance, and troubleshoot issues as they arise.

Java Developer

enggHeads 05/2014 - 02/2015 Agra, India

- Writing clean, efficient, and well-documented code for specific features.
- Working within an Agile/Scrum team, participating in daily stand-ups, code reviews, and planning meetings, and effectively communicating with team members, designers, and project managers.
- Continuously updating technical knowledge, learning Java 8, tools, and industry best practices, and applying this knowledge to projects.

KEY ACHIEVEMENTS

Certified AWS Certified Architect

Achieved **AWS Solution Architect - Professional (**SAP-C02) certification **in first attempt in Oct-25.**

GenAI PS-Hackathon Finalist (Runner-Up)

Was **Runner-Up Finalist** in **GenAI based PS Hackathon** Competition on Mar-24.

Client Satisfaction Improvement

Increased client satisfaction scores by 25% through **effective Project & Team Management** at **Publicis Sapient in 2023-24.**

Design Excellence Awards

Got **Certification of Appreciation** and Win Cash Prize in **Publicis Sapient on Nov-21** for excellent performance and great client impacts.

YMAD (You Make a Difference) Award

Got **YMAD (You Make a Difference) Award** and Win Cash Prize in **IRIS Software on Feb-19** for exemplary performance in project delivery.

Certificate of Appreciation

Got **Certificate of Appreciation in IRIS Software on Oct-18** for exceptional commitment and dedication in project delivery

SKILLS

Spring Umbrella

Spring MVC **Spring Boot** **Spring Data** **Spring Security** **Spring Contract** **Spring Configuration** **Spring Eureka Server** **Spring Feign** **Spring Boot Admin** **Spring Zip-Kin**

Cloud

AWS (80%) **Azure (20%)**

AI Skills

Spring AI **AWS Bedrock** **AWS Bedrock Agent** **Open AI** **Langchain**

DevOps

Docker **Kubernetes** **Terraform** **Helm** **Jenkins** **CICD Pipeline**

EDUCATION

Bachelor of Technology (Information Technology)

UPTU University, Lucknow
07/2010 - 06/2014 Mathura, India

Intermediate (12th) Standard

Kendriya Vidyalaya No. 3, Agra Cantt
04/2009 - 03/2010 Agra, India
